1 Gemma Atkinson

Britain's hottest date!

To beat the 49 sexy singles you've just seen, our chart-topper had to be someone special – and we think

you'll agree that former *Hollyoaks* star Gemma is just that. Why the heck is she single? Try looking up the word "miracle" in the dictionary...

There was a time, not so long ago, when 34E babe Gemma Atkinson was simply "that girl who we wouldn't stand a chance with" off *Hollyoaks*. It was a time when we'd gaze at her on TV and wonder, "What if?"

Well, those days are over! Gents, Bury's most famous export is single again and when we spoke to her on the set of this brand-new sexy shoot, she told us she was looking for a new man in her life. And by crikey, it could even be you! ➔

SEXIEST
SINGLE 2009!**

"Did you put a

white wash?"

Hi Gemma! What's the best thing about being single? It makes nights out that bit more exciting because you might meet a new bloke. Also, you don't have to explain yourself to anyone if you stay out late!

What happens when you meet a bloke you like? I have a rule that I never kiss on the first night. I get his number and call him the next day from a private number to make sure he's not a weirdo!

Would you hop into bed with him quite quickly? No, I prefer to take time to connect with someone on a mental level first – then it's more exciting when something happens because you've been looking forward to it. And you don't have to sneak off in the morning!

Do regular blokes on the street stand any chance with a famous hottie like you? Oh gosh, yeah! I'm very old-fashioned like that when it comes to lads – I just want a normal bloke who'll text me occasionally to tell me he's thinking about me, or who'll come over and give me a hug for no reason. It's the simple things that count.

"I like a bit of rough-and-tumble!"

How would you describe your perfect bloke? If I could have any bloke in the world, it'd probably have to be the WWE wrestler John Cena. I go to the gym five times a week, where I pump weights, swim and spend time in the boxing ring, so I would expect my bloke to make a bit of an effort with his appearance, too. That said, I don't really like it when a man looks too perfect – I find that a little bit weird. I want someone I can have a bit of rough-and-tumble with!

Hang about – didn't you once go out with Mr Perfect himself, Cristiano Ronaldo, for a while? Yes, but that's the funny thing – people assume he's really particular with his appearance but he's not at all.

We heard he plucks his eyebrows! No, I promise you, he doesn't!

So your tweezers never went missing when he was staying over at your place? Ha-ha! Stop it – you're being mean now. Moving on! ➡

She had a novel way of Artexing the walls

Her left arm was rubbish at hide-and-seek

What sort of girlfriend are you? I'm very laid back. I wouldn't call you 12 times a day, asking what you're doing and who you're with. I'd expect a guy to respect me, be loyal to me and just make me happy. If he made me feel secure, I'd have no problem with him going off on holiday with the boys. I'd go down the pub with him and watch the footy – but I'd also wear sexy underwear and cook him supper.

Wow! How would a bloke know if you were interested in him? I'd hold his gaze for longer than normal. Then he'd know that he either had food stuck in his teeth or I was interested in him! That's all I'd do, though, because I'm quite shy. It'd be up to him to come over to me!

Would you chat someone up if you'd had a few drinks? I would but it wouldn't get me anywhere because the bloke would be thinking, "Who's this lardy, p*ssed-up bird?" and avoid me! I'm not a good drunk at all but I'm a cheap date – buy me a tequila and I'll be happy!

If a bloke fancied you, should he:
a) buy you a drink, b) ask you for a dance or c) grab your boobs? The first one, because then we could chat, too. You can't talk while you're dancing – and besides, he might get into the bump-and-grind thing too early. Obviously, if he grabbed my boobs, he'd get a slap!

“I'd wear sexy undies and cook you supper”

Would you try internet dating? No chance! The only time I ever use the internet is to reply to emails from fans. I don't have a Facebook profile or anything. There are quite a few Gemma Atkinson Facebook profiles out there but I promise you, none of them are me!

Thanks, Gemma. Finally, how would you give a bloke a Valentine's Day to remember? I'd cook him spaghetti bolognaise, light some candles, go upstairs, then come back down in my sexy underwear and, well, get down to it. Then I'd make him breakfast in bed in the morning! ■
